

BIG SANDY NEWS.

PERSONAL MENTION.

Volume XXV. Number 39.

LOUISA, LAWRENCE COUNTY, KENTUCKY, JUNE 3, 1910.

M. F. CONLEY, Publisher.

JUNE 16th

Gov. "Bob" Taylor Will Appear at Louisa.

Tennessee's Most Honored Son and One of America's Greatest Platform Speakers Coming Here.

The most famous orator, the most popular lecturer and public speaker most in demand by the American public today will make his appearance before a Louisa audience on Thursday evening, June 16. This orator, lecturer, speaker,—this man whose name is international in extent, is Governor Robert Taylor, United States Senator from Tennessee. He is popularly known as "Bob" Taylor, and he is today in many respects one of the most picturesque figures in the public eye. Senator Taylor does not owe his fame to accident. He won it, and the beginning of the achievement was the unparalleled campaign he made when he was a candidate for Governor of Tennessee. No other campaign ever made by anybody, anywhere or for anything approached within a thousand miles of it. He was the Democratic candidate, his brother was the nominee of the Republicans, and to further complicate and make the thing more unique, the Prohibitionists put up the father of the boys to beat his sons. Such a campaign was never seen before. Not a harsh word was spoken by any one of the candidates of any one of the others. "Bob" was triumphantly elected, his father and his brother being as glad as anybody else. He made a good Governor, and from the gubernatorial chair he went to the Senate of the United States, where he ably and worthily represents the old home state of Andrew Jackson. Senator Taylor was, before he gained such wide distinction, known simply as Fiddling Bob Taylor, and it is said that his skill in drawing muscle from the intestines of a cat by rubbing them with the hair from a horse's tail was a mighty factor for good when he was asking his fellow citizens to make him Governor. He surely played the fiddle and he undoubtedly played it well. Governor Taylor has dozens of lectures, all of surpassing excellence, and he is "at home" with any of them. One of his best is entitled *The Fiddle and The Bow*, and it is not at all unlikely that this will be the one with which he will favor us. The Fiddle and the Bow is said to be one of the most wonderful pieces of word painting ever heard on the lecture platform, but if the Governor sees fit to give us something else it will be something just as good.

As the NEWS said last week this lecture has been secured in the interest of the Kentucky Normal College. Governor Taylor comes to Louisa and will deliver his lecture as a free will offering to the college. This magnificent gift is equivalent to giving the college five hundred dollars, for whenever he delivers a lecture at all he gets this amount, often more, as his price, and under no circumstances less than one dollar charged for hearing it. For this occasion the price of admission has been placed at fifty cents, and it is desired and expected that at this exceptionally low rate the big auditorium of the college will be filled to its utmost capacity. There will be a platform put up, and the room will have comfortable chairs for a record breaking audience.

Just a word on this point: Many people have the idea that all "lectures" are on some dry, technical subject, all facts and figures, statistic and such. Please remember that "Bob" Taylor's lecture will be nothing of the kind. Great crowds of people from all the walks of life go to hear him, and once going they go again.

The NEWS hopes to be able in its next issue to announce the subject of Governor Taylor's lecture, and to give all necessary information concerning his appearance.

A Lawrence County Teacher.

The Olive Hill Graded School closed last Friday after a very successful term under the principalship of E. L. Swetnam, and as proof of his satisfactory management of the school, Mr. Swetnam was re-elected as principal for the next term at the recent school election.

Mr. Swetnam left for Lawrence county this week, where he will remain for a short time. He will then go to Valparaiso, Ind., to attend school.—*Olive Hill Times*.

Resigns From Chairmanship.

It was a great pleasure to greet our Club president in her accustomed place and very gratifying to know that though Miss Katherine Freese resigns from the chairmanship of the Department of Music, she will still be associated with its work, and will continue in Ashland under her present class engagements, which continue to make increasing demands upon her time. —*Ashland Independent*.

Protracted Meeting at Van Lear.

The Rev. Mr. Black, of the M. E. church, South, Fort Garry, was engaged in a very good revival meeting at Van Lear last week. There had been some conversions and several accessions. Mr. Black was compelled to leave the meeting, but the Rev. Mr. Slaughter, of Paintsville, continued the services.

HOME TALENT PLAY.

Young People Give a Creditable Performance at Eldorado.

The NEWS doubts if any other town of the same size can produce as many good amateur actors as Louisa has. On many and various occasions our young people, of both sexes, have shown that they are very much at home in comedy, melodrama and tragedy, and in several instances they have shown merit and talent far better than much which has been displayed by so-called professionals.

The latest public appearance of any of these young people upon the stage, was in the presentation of the comedy-drama of "Joe, the Waiter; or, The Pet of the Camp," in Eldorado Theatre on last Friday and Saturday evenings. The cozy auditorium was well filled on both occasions, and the applause called forth by the efforts of the young men and girls in the various roles was abundant and hearty. The story was that of a girl, Joe, who, as a waif, drifted into a lumber camp away off Down East, and who soon became its pet. She was adopted by a rich man who proved to be her uncle, and who endows her with much worldly goods, together with an education. Joe marries the lover and champion of her early days, and all ends happily for everybody but "Mrs. Roberts" and her son. The action and development of the play were well assisted by the various players, including two colored servants who make no end of fun for the audience. One or two semi-tragedy features furnish sufficient excitement during the performance. In fact at one time nearly all the characters lay in a heap on the stage, stricken by bullets, but the "wounds" did not inflict mortal injuries, and when the curtain rose on the next act all bobbed up serenely, slightly marked, but able for duty. "Adonis" and "Patsy," the two dark ones of the cast, with an amusing song, and a biography called "A Corner in What" made a fitting close for a pleasant evening. The following is the cast of the play as given:

Cast of Characters.

Emanuel Roberts, a merchant.

Jack Baufield.

Rudolph Ferguson, Robert's stepson.

Dana O'Neal.

Harry Metcalf, Foreman of the Camp . . . A. T. Swenson, Jr.

Adonis, Joe's colored friend.

John Wade

Policeman . . . Jack Banfield.

Stella, Robert's wife.

Miss Willie Byington.

Joe, a waif . . . Miss Bess Byington.

Patsy, a servant.

Miss Jean Spencer.

Prominent Physician to be Married.

Director of Service Mr. and Mrs. J. M. Howell, of South Sixth street, are in receipt of an invitation from Mr. and Mrs. Fred Donta, of Van Lear, Ky., requesting their presence at the marriage of their daughter, Miss Mary Julia Donta, to Dr. J. P. Wells, on Thursday, June 16, 1910, at 10 o'clock the ceremony to be pronounced by Rev. Howerton, pastor of the Lorain Street Baptist church of this city, says the Ironton Irontonian.

The bride is the charming daughter of Mr. and Mrs. Donta, who were formerly esteemed residents of this city, residing at 457 South Second street, before moving to Peach Orchard, Ky., and later to Van Lear. While living here, the intended bride was a student in our high school, and with her parents, consistent members of the Lorain Street Baptist church.

Dr. Wells is mine physician at Meek, Johnson county, and well and favorably known along the Big Sandy.

Trains Delayed.

By a freight wreck on this division of the C. and O. trains from Louisa were delayed several hours Thursday morning. About midnight Wednesday night the famous Hill Dog coal train, a double-header, skipped from the track at the east end of the Sandy bridge near Walbridge, whereby several cars were derailed and much damage was done to the floor of the bridge. The services of the Ashland wrecking crew were required and several hours were occupied in getting the track in order. No. 36 from Ashland was laid up here and 37 from Pikeville gave its passengers an opportunity for observing the picturesque surroundings of Walbridge. No one was injured in the wreck.

The Oil Development.

The well on Vinson branch, six or seven miles southeast of Louisa, was drilled in Tuesday of this week and is reported to be dry. The company is composed chiefly of Huntington people.

The result of the well on the Garret place eight miles southwest of Louisa, is being kept from the public. This well belongs to the Guyan Oil company.

Two more wells in this field should be completed within a week.

The Guyan company has bought a considerable acreage of leases recently. One large boundary was taken over this week.

It is reported that another well will be started in this vicinity about the 15th instant.

Death of a Pioneer.

Mayking, Ky., May 28.—In the death here Thursday of Aunt Sally Webb Adams, aged 86 years, Eastern Kentucky loses one of her best loved old women, and the remarkable old Webb family, known for years as a family of great longevity, is reduced to only two members, Uncle Wily Webb, aged 84, and Uncle Miles Webb, aged 88 years.

They are descendants of Daniel Boone, the Kentucky pioneer, their father, Benjamin Webb, being a first cousin of the pioneer hunter. Numerous descendants and kin of Mrs. Webb live in this country.

Council Meeting.

The next regular meeting of the city council will be held next Tuesday night. The attention of council is called to the fact that while people do not now use the crossings near lower Lady Washington street, preferring the smoother street muddy weather will be here next winter.

To Be Married Wednesday.

Miss Mabel Butler, a well known and popular young lady, formerly of this place, is to be married on Wednesday next to Mr. Robert Pool, of Williamson, W. Va.

M. E. Church Services.

Rev. Mr. Ackman, District Superintendent, will hold service in the M. E. church next Sunday. The next Sunday, June 12, will be observed as Children's Day, with appropriate exercises.

GREAT MEETING.

World's Sunday School Convention at Washington.

Report of the Greatest Religious Gathering Ever Assembled in the World.

the front of the platform and all sang together to the one tune, but each in his own tongue, one of the familiar Christian hymns that la sung the world around.

The statistics of the Convention were presented at this time, the flag of each nation being added to a display stand as the figures from that land were given. The total showing is 27,858,479 members, of whom above 16,000,000 are found in the United States and Canada. This includes 2,500,000 officers and teachers; the number of schools reported being 285,842. All ages from octogenarians and other adults to the million to infants on the cradle roll and in the kindergarten department are now found in the Sunday School. This vast company is scattered over the inhabitable globe, the increase in non-Christian lands being especially noteworthy.

The wide-spread observance of World's Sunday School Day, in more than two hundred languages and dialects, as reported to the Convention, by cables from various lands, was a real missionary factor. Literally thousands of sermons upon the religious training of youth seem to have been preached upon that day.

For the first time in its history the World's Association tried to raise a budget for the expenses of the ensuing triennium. The sum asked for, \$75,000.00, was all secured in a few hours. This will be used largely in placing field workers in foreign lands to develop the (Continued on page five.)

THE MARRIAGE MARKET.

Some of the Events of the Week in this Interesting Realm.

The Louisa marriage market was active on Wednesday to the extent of two weddings and a break out. In both instances the high contracting parties were from different states, a bride and a groom were from Kentucky and a groom and a bride from Virginia.

Mr. Charles Kinney, of Damron, Ky., and Mrs. Eliza Merrick, a very handsome woman from Nolan, W. Va., entered the court house during the afternoon and obtained the necessary legal instrument authorizing marriage, and summoning County Judge Boggs who were by him duly made man and wife.

Early Wednesday morning Mr. Wilt Hutchinson, of Huntington, W. Va., procured a license to marry Miss Ida Smith of this city. The parties then went to the residence of the Rev. Dr. Hanford, pastor of the M. E. church, and were by him united in marriage. Mr. and Mrs. Hutchinson are now at the home of Mr. and Mrs. Thomas Brunham, but will leave Saturday for Huntington, where they will reside.

Miss Hutchinson is a good looking young lady, well known in Louisa and popular in a large circle of friends.

The groom is a son of George Hutchinson, of Huntington, and a grandson of the late Col. William Wilson.

Contest CasesAppealed.

Boyd county candidates who were defeated last November are dying hard, as witness in Frankfort telegram:

Frankfort, Ky., May 27.—Kentucky Court of Appeals. Present: Eastern division sitting.

Scott vs. York, Stewart vs. Wurts, Lawrence vs. Hughes, Horrocks vs. Cainin, Lloyd, appellant filed affidavit, statement and motion toocket advance and for oral argument; motion for subpoena duces tecum and to hear said cases together upon one copy of depositions and evidence to be used in all cases; appellee objects and files motion to dismiss each of said appeals and to quash bonds which motions are submitted.

The Capitol.

The magnificent new Capitol at Frankfort was dedicated Thursday with appropriate ceremonies. A fine picture of the splendid structure, with an interesting account of the proceedings attending the dedication will be found on page six of this issue of the NEWS.

Kentucky A Liberal Donor.

Of 160 contributing units which donated \$75,000 to the World's Sunday School Convention at its close at Washington, Kentucky gave \$1,500 in round numbers. The average of each contributing unit was about \$470, which makes Kentucky one of the most liberal donors.

The 160 contributions were made from all over the United States and Territories, the Canadian provinces, the States of Mexico and fifty-one nations abroad. J. Schreve Durham, International superintendent of visitation, a Kentuckian, said that the addresses during the convention of Dean W. T. Capers, of Lexington, and Dr. B. H. Denney, of Louisville, were among the most noteworthy.

Roadmaster McGuire Hurt.

Last Monday C. and O. Roadmaster James McGuire sustained a serious injury to his right eye. He was using a hammer while assisting in some work near Whitehouse, and while so engaged a sharp piece of steel entered his eye. Realizing the gravity of the case he telegraphed his condition to the Superintendent who ordered a special train to carry McGuire to Washington for aid. It was thought that the sight of the eye would be lost, but on the following morning Mr. McGuire could distinguish the light through the injured member. He is now being treated in Cincinnati and has hope that his sight may not be impaired.

Two Miles to the Front.

The Lueaville team with McGuire in the box, easily defeated the Nonpareils of Portsmouth at the Lucasville fair grounds Sunday afternoon by the score of 11 to 9. The visitors were outclassed at every stage, but McGuire's clever pitching was the chief cause of the downfall.—Portsmouth Times.

The McGuire referred to in this item is "Big Dick" McGuire, from the waters of Two Mile. Give 'em a chance and our boys will be heard from.

Should Be Stopped.

Some children seem to have acquired the habit of marking houses and other buildings, as they pass by, with chalk and colored pencils, and they also sometimes use sticks and sharp knives to mark the surface of weatherboarding, siding and fences. This habit is very annoying to property owners and should be stopped. Then there is a law prohibiting it, which provides arrest and fine for its violation and the law should be enforced.

New Schedule.

A new time table went into effect on the C. and O. railway last Sunday. The changes in the arrival and departure of Louisa trains are scarcely discernible. The morning train from Ashland arrives one minute later; this is all the change. This train leaves Ashland at 6:15 instead of 6:00 as formerly.

Generally Observed.

Decoration Day was very generally observed by our citizens. The stores were not closed, but a large number spent the day on Pine Run and elsewhere where kindred friends were buried. Very little business was done in town. The stores were closed, and the quiet Sabbath like and marked.

Takes a Two-Cent Stamp.

It is not a ruling, but a law of the post office department that a two-cent stamp must be placed on letters having writing in them and which are not "drop" letters. Many are overlooking this and their letters may not be delivered.

Nursing a Sore Knee.

While tossing the ball with his young nephews last Monday George Burgess dislocated the cap of his right knee. The injury causes a limp but is not serious.

ITEMS OF INTEREST FROM MANY STATES

Important News Gathered from Abroad for the Benefit of Our Readers.

Fire in the business district of Minneapolis caused a loss of \$1,000,000.

Eighteen persons are believed to have been drowned by the sinking of the steamer Frank G. Goodyear by the steamer James B. Wood on Lake Huron Monday morning. The vessels collided in a thick fog. Five persons were rescued.

President Taft will not attend the home-coming celebration in honor of Theodore Roosevelt. On that date, June 17, the President will be at Villa Nova, Pa., receiving the degree of doctor of jurisprudence from St. Thomas College.

Advances from the West Tennessee fruit belt are to the effect that the strawberry crop just marketed was a record breaker, both in quantity and prices received. About a half million dollars was brought into Humboldt alone this season from the berry crop.

Albert Wolter will not be executed during the week of June 6 for the murder of Ruth Wheeler, the young stenographer. Counsel for the condemned man has served notice of appeal on District Attorney Whitman, in New York, which acts as a stay of execution.

Eugene Gardner, whom Judge Wm. A. Young defended in San Francisco for killing a man on the high seas and secured his acquittal, was down about Farmers fishing not long ago. He caught a large pike about 45 inches long and sent it to Judge Young as a present. — Morehead Citizen.

In selecting a jury at Minot, N. D., an American-born citizen, who has been a resident of North Dakota for seven years, was found who did not know a single State or county official by name, nor the name of the President of the United States. He was accepted on the jury.

While returning from a party at Columbus, O., an automobile driven by Wm. Snyder ran over an embankment and Miss Lillian Wright were instantly killed. Mrs. Don Goss suffered a fractured rib. Mr. Snyder's leg was broken. Miss Wright was to have been married to Fred Ambrose.

John Criddle Wharton, aged 72, one of the best-known analytical chemists in the South, died in Nashville Saturday. He at one time was professor of chemistry in the Vanderbilt University. During the Civil War he was in the Medical Department of the Confederacy and stationed in Atlanta.

A new world's record for big gun shooting, which incidentally emphasizes the superiority of United States naval marksmanship has just been made by the new battleship South Carolina. With her forward turret twelve-inch guns she made sixteen "bull's eye" target hits out of sixteen shots in four minutes and fifty-one seconds.

A Mother Sent Her Son to the Store for Change

She gave him a ten-dollar bill, and told him to get one five in change— one dollar in small pieces. The merchant gave the boy a five-dollar bill, four ones, a half and two quarters. On the way home the boy lost a quarter. It cost 25 cents to get the \$10 bill changed. A checking account would have saved this trouble and loss. Ask us about the advantages of a checking account. We'll cheerfully explain.

The father suddenly rushed among them with pistol and knife, first attacking Salom and then Roher, another son. A second attack was made on Salom, who then fired.

The total increase that the State Board of Equalization put on all the property in the State that it has been equalizing the past three months, amounts to \$64,000,000 and is the biggest increase ever put on by any board since the board was established. This \$64,000,000 will bring to the State \$320,000 more in taxes than last year.

Because the President exceeded his travelling expense allowance of \$25,000 voted by Congress for the present fiscal year and the Committee on Appropriations sought to meet the deficiency by making the appropriation for next year "immediately available" the House was thrown into lively debate. The point of order made by Mr. Macon against the words "immediately available" was sustained and those words were stricken from the bill so that the appropriation cannot be used until after July 1.

Glen H. Curtiss flew from Albany to New York Sunday in an aeroplane, winning the \$10,000 prize offered by the New York World. He covered the distance of 137 miles in two hours and thirty-two minutes and came to the earth as calmly and lightly as a pigeon. Curtiss' average speed for the distance was 54.06 miles an hour and surpassed any record ever made by an aeroplane in a long-distance flight. His feet, perhaps, eclipsed any flight ever made by man in a heavier-than-air machine.

An auto containing James J. Malon, Mr. and Mrs. Thomas P. McMinn and Mrs. F. P. McGarvey, of Harrodsburg, ran into a telephone pole at Alton Sunday afternoon. Mrs. McMinn received probably fatal injuries and Mr. McMinn and Mrs. McGarvey were seriously hurt.

Suit for \$20,000 damages for alleged slander was filed against Oscar Lawler, Assistant Attorney General, detailed to Secretary Ballinger's office, by Christopher P. Connolly, a lawyer of Montana, and magazine writer. In Washington the suit is based on alleged assurances of Mr. Lawler during the Ballinger-Pinebot inquiry.

The General Assembly of the Presbyterian church in America adopted a statement reaffirming the belief of the governing body in the cardinal theological tenets of the church. This step was taken to prevent misinterpretation of that body's heresy decision. The general assembly adjourned to meet next year in Atlantic City.

Claude Hetherton, a private in Company K, Thirteenth Infantry, was literally shot to pieces on the rifle range at Monterey, Cal., last week. The accident did not become generally known until Sunday. Hetherton was taking measurements when his body was made the unseen target of a firing squad at rifle practice. His body was riddled with bullets and he was unable to run out of range of the leaden ball.

The expensiveness of running for Governor in Alabama is indicated in the sworn statement of H. S. D. Millary, defeated State-wide prohibitionist before the May 2 Democratic primary that it cost him \$10,991.03, more than two years' pay by \$491.30. This does not take in loss of time, services contributed by friends or contributions from any other source, if there be any.

Near Lebanon, Tenn., W. R. Sudders, a well-to-do farmer, was slain by his son, Salom, who shot his father through the heart after hitting himself dangerously stabbed. The elder Sudders' mind had recently become affected and his sons met to decide what to do with him.

"Ben Morgan told us that Geo. Clayton told him that John Davis told him that somebody else told him that while crossing the Illinois ford on North Fork of Trippett the other day with a mule team a large fish, supposed to be a pike, was floundering on the shoal and knocked the feet of one mule from under it, causing it to fall and become entangled in the harness and it was necessary to take harness off to keep the mule from drowning." —Next!—Flemingsburg Times-Democrat.

Henderson, Ky., May 26.—Mrs. Zorah J. Ebles shot and killed her husband, Halbridge W. Ebles, aged 44, a prominent liveryman and stockman, and wounded a negro cook, Mattie White. In the dining-room of the Ebles home about six o'clock morning.

Ebles was shot three times. One bullet entered his breast, passed through his heart and kidneys and fell on the floor. The other bullets struck him in the back, one near his right shoulder and the other near his spinal cord, and he died instantly.

The negro woman was shot in the right hip, right arm, left shoulder and left cheek. It is believed she will recover.

Mrs. Ebles made a statement to the jailer, stating she fired three shots at Ebles and two at the negro woman, and then beat the latter over the head with the butt of the pistol.

AN OLD ADAGE SAYS

"A light purse is a heavy curse."
Sickness makes a light purse.
The LIVER is the seat of nine tenths of all disease.

Tutt's Pills

go to the root of the whole matter, thoroughly, quickly safely and restore the action of the LIVER to normal condition.

Give tone to the system and solid flesh to the body.

Take No Substitute.

The tragedy was the result of a quarrel last night between Ebles and his wife, according to the testimony of their 15-year-old son, Howard Ebles, before the Coroner's jury today.

Mrs. Ebles, one the advice of her attorney, Judge John L. Dorsey, declined to make the statement before the Coroner's jury she is alleged to have made to the arresting officers and the jailer.

At a meeting of the Republican senatorial committee for the sixth District, held in this city on last Monday, a call was issued for a convention to be held in this city on Saturday, July 16, at two o'clock in the afternoon.

Hon. W. Burbridge Payne, circuit clerk of McDowell county presided over the meeting as chairman and Mr. M. Z. White acted as secretary pro tem. Mr. White presented Williamson's claims as a convention city.

The basis of representation was fixed at one delegate for each one hundred votes cast for William H. Taft at the general election in November. Mingo's vote was 2065 and we will have 21 delegates in the convention. McDowell cast 6147 votes for Taft and is entitled to 62 delegates. Wyoming has 13 delegates and Wayne 24.

The vote of McDowell county is greater than the combined vote of the other three counties in the district and when the McDowell delegates were selected on last Saturday they were instructed to vote as a unit.

The delegates to represent Mingo county in the senatorial convention will be selected in the big mass meeting to be held in the court house on Monday, the 6th day of June. This meeting will be largely attended.—Mingo Republican.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case to Catarrah that cannot be cured by Hall's Catarrah Cure. F. J. CHENEY & CO.

Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him.

WALDING, KINNAN & MARVIN
Wholesale Druggists,

Toledo, O.

Hall's Catarrah Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

Headache For Years

"I keep Dr. Miles' Anti-Pain Pills on hand all the time, and would not think of taking a journey without them, no matter how short a distance I am going. I have a sister that has had terrible headaches for years, and I coaxed her to try them and they helped her so much, she now keeps them by her all the time. From my own experience I cannot praise them enough."

MRS. LOU M. CHURCHILL,
63 High st., Penacook, N. H.

Many persons have headache after any little excitement or exertion. They cannot attend church, lectures, entertainments, or ride on trains without suffering. Those who suffer in this way should try Dr. Miles' Anti-Pain Pills. They give almost instant relief without leaving any disagreeable after-effects, as they do not derange the stomach or bowels; just a pleasurable sense of relief follows their use.

Get a package from your druggist. Take it according to directions, and if it does not benefit he will return your money.

FARMS FOR SALE

OHIO FARMS FOR SALE.

Miss Herma Bradley, of Kenova, is visiting her grandparents at this place.

Mrs. Jim Casey, who has had malaria is better.

BUCHANAN.

The World's Sunday School Convention that met at Washington, D. C., we believe was the greatest meeting that ever assembled on the American continent. As we stood in that great convention hall and beheld the representatives from all the states of our country, represented by a red badge, and saw the representatives from all the foreign countries who wore a blue badge, and as they stood on the great platform and sang songs that thrilled every soul present and one after another told the wonderful story of the cross and how the light was breaking into those foreign countries where the gloom of the night of unbelief has prevailed so long, and how the Son of Righteousness has appeared with healing in His wings, at how our missionaries have penetrated the dark continents and established Christian schools, Sunday schools and churches. As we listened to the stories of those people who have been brought from darkness to light and how indifferent we had been, how little we were doing to push the great Sunday school cause into every land on the earth. I never beheld before so great a people that were so thoroughly employed in the cause of the Master. The same spirit prevailed the people. There was no north, south, east or west. The representative from Maine was as congenial as those from California, and those from foreign fields seemed to impart a new inspiration to us as we shook their hands. Truly eternity will tell the story of that great convention. J. F. HATTEN.

PLUM GROVE.

There was preaching at this place Sunday and Sunday night by C. B. Plummer, also baptizing.

Mr. and Mrs. Damer Riffe from Lawrence county were visiting relatives at this place.

Friday June 3, 1910.

We are authorized to announce
MONDECAI WILLIAMS,
of Boyd county, as a candidate for
Congress, Ninth District, subject to
the action of the Democratic party.

We are authorized to announce
W. J. FIELDS,
of Carter county, as a candidate
for Congress, subject to the action
of the Democratic party of the
Ninth District.

I desire to announce myself as
a candidate for the Democratic Nomin-
ation for Congress from the Ninth
Congressional District. I was a
candidate for the nomination before
the convention two years ago
which nominated James N. Kehoe,
and following that convention, it
was almost unanimously conceded
that I was the logical candidate
and entitled to the nomination at
the hands of my party this year. I
have always been a zealous party
worker, and if nominated, will conduct
an energetic campaign for
election and if elected will devote
all my time, energies and talent to
the office and diligently work for
the interests of the people of my
district.

I respectfully solicit support for
this nomination.

EDGAR H. HAGER,
Boyd County.

According to Pension Bureau au-
thorities, there were approximately
60,000 fewer Union Veterans liv-
ing to participate in Monday's ob-
servances than there were on
Memorial Day last year.

James B. McCreary Monday an-
nounced that, while not a candi-
date for the Democratic nomina-
tion for Governor, he will accept
to care his party so honors him. At
the same time he pledged his
support to the choice of the nomi-
nating convention.

What is probably the most unique
church ever built was erected Mon-
day at Peoria, Ill., by 190 members
of the congregation of the Central
Christian church. Work was start-
ed at 8 o'clock in the morning and
services were held in the comple-
ted edifice in the evening.

The Hon. John W. Langley, Rep-
resentative in Congress from the
Tenth district, received the instruc-
tions of the delegates from every
county in his district in mass con-
ventions held Saturday. He will be
renominate for Congress when the
district convention meets at Mt
Sterling, June 3.

Shivers have been chasing them-
selves up and down the spinal col-
umns of members who must face
serious contests in their States or
districts if they come back to the
next Congress, ever since John
Dwight, the Republican whip of the
House of Representatives, issued
his prediction that the present ses-
sion would not adjourn July 15.

The State Board of Equalization
has raised the assessment of 50
many counties in Kentucky above
what they were last year that the
revenue of the State will be in-
creased \$374,000. The raising was
for the very purpose that has been
claimed, and not to equalize the
assessment between the counties.
Realizing that the present Repub-
lican state administration was in
hard times for money, and that the
warrants on the State Treas-
urer were held up for lack of funds,
the word was evidently thrown
to the Republican State Board of
Equalization that it must come
to rescue and usurp the function
of the legislature in increasing tax-
ation by increasing assessment.

MIADS BRANCH

The box supper at this place Saturday night was a success, the cake and boxes brought \$19.00 which went to the benefit of Rev. James Harvey.

ANSWER IT HONESTLY.

Are the statements of Louisa Col-
izens Not More Reliable
Than Those of Utter
Strangers?

This is a vital question.

It is fraught with interest to Lou-
isa.

It permits of only one answer.

It cannot be evaded or ignored.

A Louisa citizen speaks here.

Speaks for the welfare of Louisa.

A citizen's statement is reliable.

An utter stranger's doubtful.

Home proof is the best proof.

William G. Shannon, Maple street,

Louisa, Ky., says: "It gives me the greatest pleasure to recommend Doan's Kidneys annoyed me and a heavy cold which settled on them caused intense pains across the small of my back. The kidney secre-
tions passed irregularly and were

scanty and full of sediment. Learning

of Doan's Kidney Pills, I used them and the contents of two boxes relieved me."

For sale by all dealers Price

59 cents. Foster-Milburn Co., Buf-
falo, New York, sole agents for the

United States.

Remember the name—Doan's—
and take no other.

LEDOOCIO.

Elijah Richmon was dangerously injured at the mouth of Johns creek in Johnson county by being struck on the head with a rock thrown by a man with whom he had a dispute. The skull was fractured and Richmon was taken down the river to a hospital for treatment.

W. F. Shipman and Asa Kellley, of Ashland, came up Monday and, with G. A. Nash as guide, philosopher and friend, made an extensive foray into the regions of frogland. Thirty dozen of the oozy shores yielded up their lives as a result of the raid.

Deal in Timber Lands. The Hamilton Realty Company sold to the Berwind-White syndicate a large area of fine coal and timber land along Knox, Peter creek and the Levisa fork of the Big Sandy river in Pike county, which according to an announcement, will be opened for development at an early date.

Concentrated.

An exchange in speaking of one of the newly made Bishop of the Southern Methodist church said he would be 41 years of age the day he is concentrated as bishop.

Well, some people speak of consecrated lie, why not a concentrated bishop?

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by all dealers.

The Elderman's many friends will long to learn that his health is yet to find that he is doing well on the fly.

held back vertebrae announcing

KY. NORMAL COLLEGE STUDENT

Graduates From a Southern University With Degree of L.

L. B.

Balyerville, Ky., May 24.—The University of Chattanooga, Chattanooga, Tenn., will confer upon Prof. J. S. Penix, of this city, the degree of Bachelor of Laws at the annual commencement of that institution, May 31, 1910. He is a member of the largest class that the Law Department of the University has graduated and they come from all parts of this nation—even from foreign lands.

Mr. Penix was left when a mere boy without a father, but with a well determined purpose to get an education, but was much blundered by the old he felt that he ought to give his mother and younger brothers and sisters. However, he managed to spend three years in Kentucky Normal College and one year in Berea College and now has completed his law course in the university. He has many loyal friends in different states and they will all hail his triumph as a tribute to the power of faith. Whatever he has so far accomplished as a student, teacher, Sunday school and literary leader or in the law is, in a large measure, due to his own efforts as he has been unaided in his struggles for an education.

He has words of the warmest praise for the Sunny South and says that when this nation is redeemed from moral crookedness it will be largely through the influence and the work of the South. And that the South is now building up a fine school system and that material wealth is being touched as never before and her unvalued stores of minerals are now constantly pouring into the channels of trade enriching the world; that her fields are being made fertile and productive and her people happy.

His friends and neighbors, loving him as they do for the splendid life he has led, the noble character he has built and the good examples he is setting for Christian character building, stand with outstretched arms to welcome him to the land of his birth—“The Old Kentucky Home.”

Conference of M. E. Church, South.

The next meeting of the Western Virginia Conference of the M. E. church, South, will be held at New Martinsville, W. Va., Sept. 7, 1910, with Bishop H. C. Morrison presiding. Bishop Morrison has been given lighter work, and will attend only three conferences this year.

Congressional Aspirants.

Edgar Lager, of Boyd county, and Will J. Fields, of Carter county, were here this week in the interest of their race for Congressional honors.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by all dealers.

PERSONAL MENTION.

Dr. J. B. Bartram, of Ashland, was here Monday.

Mrs. Fanny Wnde was in Ashland Tuesday.

Miss Janet O'Brien is visiting relatives at Lockwood.

Mrs. B. J. Chaffin went to Fullerton on Monday last.

A. C. McClure visited Huntington friends last week.

Mrs. A. M. Hughes was visiting in Huntington this week.

J. J. McClure, of Torchlight, was here Sunday visiting friends.

Mrs. James Vinson has been visiting relatives at Ferguson, W. Va.

Mrs. F. L. Stewart and daughter, Vivian, went to Webbville last week.

A. C. Davis, an alumnus of the K. N. C., was here from Ashland this week.

Miss Mabel Butler has gone to Mt. Savage to visit Mrs. George Gray.

Mrs. L. T. McClure and son, George, are now at home at the Brunswick.

Mrs. Sam Picklesimer spent the day at Fallburg Monday, the guest of her sister.

Miss Flora Jones has returned from a visit to friends in Central City and Catlettsburg.

George Atkinson, proprietor of the Lonisa Waterworks, was here from Logan, W. Va., this week.

Mrs. W. F. Shipman, of Ashland, is visiting her sister, Mrs. G. A. Nash and other Louisa relatives.

Mrs. Esther Chaffin and children of Diagess, W. Va., are guests of her daughter, Mrs. J. B. McClure.

M. L. Cosley, general manager of the O and K railroad, was the guest of Louisa relatives last Sunday.

R. S. Chaffin returned home Wednesday from Concord, Ky., where he went to transact contract business.

Mr. and Mrs. E. E. Shanson, of Louisa, spent Saturday and Sunday with Mr. and Mrs. J. C. Adams at their home on Center street.—Catlettsburg Tribune.

Mr. and Mrs. F. T. D. Wallace, Mrs. G. A. Nash, W. J. Vaughan, Rev. L. M. Copley and C. E. Hensley have returned from Washington where they attended the World's S. S. Convention.

The Rev. Walt Holcomb and wife, of Nashville, Tenn., were guests of R. T. Burns and family last Friday en route to their home. Many friends called on them while here.

Dr. T. D. Burgess' mother and wife are here visiting him and his family. They are Mrs. Elizabeth Burgess, of Huntington, and Miss Addie Shumate, of Glenlyn, Va.

C. R. Patrick, of Yards, Va., and J. K. Schufflebarger, of Northfork, Va., who were attending the Kentucky Normal College at this place, returned to their homes last week.

Mr. and Mrs. F. T. D. Wallace, Mrs. G. A. Nash, W. J. Vaughan, Rev. L. M. Copley and C. E. Hensley have returned from Washington where they attended the World's S. S. Convention.

The Rev. Walt Holcomb and wife, of Nashville, Tenn., were guests of R. T. Burns and family last Friday en route to their home. Many friends called on them while here.

Dr. T. D. Burgess' mother and wife are here visiting him and his family. They are Mrs. Elizabeth Burgess, of Huntington, and Miss Addie Shumate, of Glenlyn, Va.

C. R. Patrick, of Yards, Va., and J. K. Schufflebarger, of Northfork, Va., who were attending the Kentucky Normal College at this place, returned to their homes last week.

Mr. and Mrs. F. T. D. Wallace, Mrs. G. A. Nash, W. J. Vaughan, Rev. L. M. Copley and C. E. Hensley have returned from Washington where they attended the World's S. S. Convention.

The Rev. Walt Holcomb and wife, of Nashville, Tenn., were guests of R. T. Burns and family last Friday en route to their home. Many friends called on them while here.

Kentucky's Splendid New Statehouse Dedicated With Imposing Ceremonies

GOVERNOR'S STATE RECEPTION ROOM.

PERSPECTIVE VIEW OF KENTUCKY'S NEW CAPITOL.

FRANKFORT, June 2.—Thousands of people at the ceremonies incident to the dedication of Kentucky's new statehouse today witnessed the official culmination of a fight of more than a hundred years on the part of Frankfort to retain the seat of government and on the part of other cities in the state to have the capital removed from Frankfort.

The citizens of Frankfort in that hundred years' fight have donated thousands of dollars toward paying for the first three or four statehouses and many more thousands in entertaining various legislatures in the effort to retain the seat of government here. Until the present splendid structure was actually built the Frankfort people have felt uneasy lest something might happen to rob them of the statehouse. The dedication of the new building has put all doubts to rest.

Thousands of people from practically every county in the old commonwealth journeyed to Frankfort this week to witness or take part in the formal ceremonies. More than 700 schoolgirls came on one train from Louisville and sang a song as a part of the dedication program.

A big temporary platform was erected immediately in front of the capitol building, and from this stand United States Senator W. O. Bradley delivered his eloquent speech as the orator of the day.

Mayor Polsgrove of Frankfort delivered the address of welcome, and Governor Wilson made a speech preceding that delivered by Senator Bradley. Several hundred former students of the Kentucky Military Institute, which school flourished four miles from Frankfort for more than fifty years, were in attendance, having decided to hold a reunion here. No dedication day.

Official Program.

Following is the official program as arranged by the dedication committee and carried out:

(a) 8 o'clock a. m.—Firing signal gun at arsenals.

(b) 9 o'clock a. m.—Detachments of the reception and transportation committees, under their leaders, to assemble at their respective posts of assignment to receive and care for visitors.

(c) 10 o'clock a. m.—Decoration of grave of Rev. J. McClusky Blayney in Frankfort cemetery by committee of the Frankfort Business Men's club, as provided by resolution of that body in recognition of his loyalty to and his exertions in the retention of the seat of government at Frankfort.

(d) 12 o'clock m.—Exercises at the capitol.

1. Salute fired from Arsenal hill.

2. Music by band.

3. Invocation by Bishop Lewis W. Burton.

4. Welcome on behalf of city by Mayor J. H. Polsgrove.

5. Song, "America," by Louisville Girls' High school.

6. Address by Governor Andrew E. Wilson.

7. Music by band.

Address by Senator William O. Bradley.

8. Song by Louisville Girls' High school.

9. Benediction by Father T. S. Major.

10. "Dixie" by band.

In the afternoon, band concert in the capitol building, when the building and offices therein were opened for inspection of visitors.

From 7:30 o'clock p. m. to 10 o'clock p. m. state reception in the capitol building, with old fashioned Kentucky house warming.

At the first meeting Henry B. Ware was elected secretary to the board.

It was provided by the act above referred to that the new building was to be erected upon the site of the old, but when the architect, Frank M. Andrews of Dayton, O., presented his plans it was found that the old location was not suitable for the proposed structure. A special session of the legislature was called to meet in January, 1905, to consider the matter, and the location was changed to South Frankfort on the grounds known as the "Hunt place," containing thirty acres, for which the state paid \$40,000.

A contract was let to the General Supply and Construction company of New York for the erection of the building. On Aug. 14, 1905, ground was broken for the foundation, and on June 16, 1906, the cornerstone was laid.

Incident to the change of administration, which occurred on Jan. 1, 1908, the following commissioners took charge of affairs: Augustus E. Wilson, governor; Ben L. Bruner, secretary of state; Frank F. Jimmies, state auditor; James Breathitt, attorney general, and Edwin Farler, state treasurer, and therempon Captain Edward M. Drane was elected secretary to the board.

The following items represent the total cost of the building: Amount expended for building proper, \$1,180,434.80; amount expended for grounds, \$63,703; amount expended for furniture, carpets, marble floors, mural paintings, etc., \$141,881; amount expended for metal file cases, vanities, etc., \$45,188; amount expended for power plant, \$60,000; amount expended for enrichment of pediment, \$40,000; amount expended for heating, lighting and electrical fixtures, \$108,703.20; amount expended for terrace and landscaping, \$190,000, making a grand total of \$1,900,000.

New Statehouse Described.

The face work of the building is constructed of limestone from Bedford, Ind., with a Vermont granite base, and rests upon a concrete foundation. It is surrounded by an architectural stone terrace, with concrete floor, covered with vitrified brick. The outer walls

of the building are ornamented with Ionic columns, thirty-two on the front, four on either end and thirty on the back, all of which are monoliths, twenty-seven feet ten inches tall, weighing about eighteen tons each.

The pedestal over the north entrance, designed by Charles Henry Niehaus of New York and executed by the Austrian sculptor Peter Tosak for the sum of \$40,000, is richly sculptured and adds greatly to the appearance of the building. The heroic figure in the center represents Kentucky standing in front of a chair of state. Her immediate attendants are Progress, who is seen kneeling at her feet pushing a winged wheel; History, on the right, is recording the events of the mighty people past; Plenty stands in the left background with a cornucopia overflowing with fruit and grain; Art is represented on the right by a female figure with palette and brush in her hand; Labor, in the rear, facing Art, by a male figure stripped to the waist and grasping a hammer. An agricultural aspect is introduced by groups of cattle and horses, with male and female figures writhing the creatures in festal array. The idea of the statue is portrayed in the two ends of the pedestal by its grouping, and its indelibility and stability are shown in the state seal, which is indicated at the left end by a group of two figures tying fasces, signifying strength and unity. At the other end is an Indian group of two figures, suggestive of pioneer days, crouching with fear and watching the approach of civilization.

The dimensions of the new statehouse are as follows: Total length from east to west, 403 feet; depth of central part of building through the vestibule, 186 feet; diameter of rotunda, 57 feet; height of building from terrace floor to top of parapet wall, 80 feet; height of dome from terrace floor to top of lantern, 212 feet; width of agricultural terrace at the front and rear of the wings of the building, and at the east end, 30 feet; width of agricultural terrace at the west end and rear of central pavilion, 40 feet; length of pediment from east to west, 73 feet; height of pediment from base line to apex, 25 feet.

The following items represent the total cost of the building: Amount expended for building proper, \$1,180,434.80; amount expended for grounds, \$63,703; amount expended for furniture, carpets, marble floors, mural paintings, etc., \$141,881; amount expended for metal file cases, vanities, etc., \$45,188; amount expended for power plant, \$60,000; amount expended for enrichment of pediment, \$40,000; amount expended for heating, lighting and electrical fixtures, \$108,703.20; amount expended for terrace and landscaping, \$190,000, making a grand total of \$1,900,000.

UTAH HAS REMARKABLE LAW.

State Where Condemned Man May Choose Method Death Penitentiary.

Utah is the only State in the Union where a man may be shot instead of hanged for the crime of murder under civil law, says the Boston Globe.

An adherence to the old scriptural idea of blood atonement on the part of the Mormons in Utah has given this State a unique law by which a man condemned to die for taking the life of another may choose between being shot or being hanged.

The provision of the Utah statute regarding election as to a criminal's manner of death is as follows:

"The punishment of death must be inflicted by hanging the defendant; by the neck until he is dead or by shooting him, at his election if the defendant neglect or refuse to make the election the court at the time of rendering the sentence must declare the mode and enter the same as a part of this judgment."

Eleven legal executions have taken place in Utah since it was admitted as a territory in 1850. All of these have been by shooting except one, since the condemned man being given their choice naturally prefer shooting.

One of the most notable executions in this State was that of Peter Mortensen, who was shot November 20, 1903, for the murder of John May. The murder was a brutal one for the sake of robbery and the body of the victim was consumed in a neglected furnace. The death penalty was inflicted on Mortensen in the yard of the State prison of Utah, in Salt Lake City.

A description of an execution by eye-witnesses will give a good idea of the method of carrying out the death sentence in Utah.

"The death chair was placed against the east wall of the prison inclosure, facing a driveway. It was a common office chair with arms. It was set upon a platform about four feet square constructed of new boards. Behind the platform was a box-like structure, five feet high and two feet thick. This was filled with dirt, its purpose being to catch the bullets after they had passed through the prisoner's body, to prevent their glancing from the wall and endangering the lives of spectators.

"Just opposite the death chair, across the driveway, which is fifty feet wide in a low brick building, about 100 feet long north and south, used as the prison blacksmith shop. Double doors opened on the driveway. These were pushed aside on the day of the execution and a curtain of denim hung in their place. At the height had been cut at regular intervals, and a foot or so higher other holes of irregular shape appeared. Behind this curtain were stationed the executioners. Their identity was known only to the warden of penitentiary, the Sheriff and a few trusted deputies.

"A wire at the north end of the blacksmith shop, extending to the opposite wall, shut off the spectators. Just outside of the wire were tables and chairs for newspaper reporters.

"A wire at the north end of the blacksmith shop, extending to the opposite wall, shut off the spectators. Just outside of the wire were tables and chairs for newspaper reporters.

"Before the arms of the prisoner were strapped to the chair with new leather straps he shook hands all around with the guards, but he could not see whose hand he was shaking. His ankles were then strapped to the lower rounds of the chair.

"The time of the strapping seemed interminable. After a final test of the traps to see that they were securely fastened, the officials retreated to the south, leaving an open space between the chair and blacksmith shop, with its suggestive black holes.

"Mortensen's head alone was free. It was slightly inclined forward. He could not see the curtains amass with its threatening black apertures. Perhaps his strained hearing may have caught the sound as the black-nosed rifle—five of them—were pushed through the openings and leveled at the white piece of paper pinned over the doomed man's heart. The rifles had been loaded by the Sheriff, four of them with fatal bullets and the fifth with a blank cartridge.

"The executioners did not know which gun carried the blank load, so that none would know whether or not he had helped carry the death sentence into effect.

"Blindfold and helpless, the prisoner must have awaited in awful suspense the winged death. No one moved or spoke. The Sheriff gave the firing signal. A sudden crash came, accompanied by jets of flame from the rifle muzzle. No smoke appeared, as smokeless powder was used. A physician hastening to the prisoner's side found that his pulse had ceased."

IN MEMORY.

Death has visited the home of Jessie Atkins and taken from him his darling wife, Rebecca, on May 4, 1910. Her death was unexpected, and the last words were, "I'll soon be in glory."

She will be missed by all who knew her. She was a kind and loving mother. She was 49 years, 5 months and 5 days old. Her maiden name was Rebecca Whitley. She had sweet communion with Jesus and met loved ones who were waiting to welcome her home to rest in the Kingdom of God. A husband and six children, Dixie, Ruby, Herbert, Lester, Martha and William, are left to mourn the loss of their mother. Her many friends will long remember her. Thou didst give and thou hast taken. Blessed Lord, thy will be done.

M. It.

Saved from Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald of Fayetteville, N. C. R. F. U. No. 8, "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed."

Dr. Klug's New Discovery was tried, and so completely cured her, that she has not been troubled with cough since. Its the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, etc., hemorrhage-all bronchial torburies. It has no equal, \$60. \$1.00. Trial bottle free. Guaranteed by A. M. Hughes.

Train leaves Kenova 8:25 a. m.

Daily for Williamson, via Waynesburg and local stations 5:47 p. m. Daily, and leaves Kenova 6:00 a. m. Daily except Sunday for Columbus and local stations.

HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE.

To make a home out of a household, nice things may help, but nothing does so much as kindness.

Teach a child to mind as you teach him his letters. You don't expect him to learn them all in a minute, but one at a time.

Don't rob your wife all your life time in order to make some provision for her in case you should be first taken away.

If you have a home and are out of debt, don't fret and worry yourself and good wife into the grave for the sake of making money. You have only one life to live, and it is brief at best. Take a little pleasure and comfort as you go day by day, and try to do a little good to others. A morbid, immature desire to possess the earth, to grab everything in sight, is at the foundation of more misery than almost any one thing. Wealth alone will never keep memory green; a good life and kind actions will.

Making Money.

Is the object of the world's pursuit. Men in every walk of life are striving for gain. It is a legitimate object. It gives bread, home and comfort, and the world judges wisely when it makes the position a man occupies hinge comparatively more or less on his ability to earn money, and somewhat on the amount of his possession. If he is poor it argues either some defect in his expenditures or a lack of practical education to cope with men in the battle for gold.

When a boy leaves home it is generally to enter upon some business, the end of which is to acquire property, and he will succeed just in proportion as he has trained for work. Every community is filled with young and middle aged men who are failures because they know nothing of business—their training having been theoretical, not practical and useful. Many are tied to pursuits they heartily dislike, and which are much below their capacity and ability, and would change their course of life and better their condition but for the fact that relatives and friends generally oppose rather than encourage them.

Self Reliance

Gibson well and truly said, "Every person has two educations—or which he receives from others, a one more important, which he gives himself." Help yourselves and the Lord will help you. It is no use in these days to sit around, and Misawhar like, wait for something to turn up. You must take hold of the wheel of fortune and use your muscle. It has wisely been said, "He who begins with crutches will end with crutches." It is said the lobster, when left high and dry upon the land, has no energy enough to work back into its element, but waits for the sea to come to it, and if the sea world is full of human lobsters, young men who have the ability and the muscle, but are waiting for something to turn up. The struggles of life produce self reliance. Peril is the self school of education. He who started with poverty and ill luck, will far stronger than he who has reveled in the lap of luxury. Read the biography

of the world's great men, and you will find they started in very humble circumstances. Abraham Lincoln, James Garfield, and a score of others, testify to this. Help yourself. Every man has all he can do to attend to his own business. He has no time or inclination to help you. If you get mired by the wayside of life's struggle, pull the harder and catch up with the staggering, hurrying crowd in the bustle of life. Once out in the world's varying scenes, you have to depend upon your own endeavors. There are many things that bring out self reliance. The canary sings the sweetest when its eyes are put out. The flowers give forth their full fragrance when crushed. It is always the darkest just before dawn. John Calhoun, when at college, was laughed at by his schoolmates for his untiring exertions. He replied, "I must, to be able to fulfill my position in the legislative hall of this nation." There is no excuse for any young man of ordinary ability to sit down and mope over split milk. The world is before you. The palaces of nature are open to you. Any young man with honesty, sobriety and industry can accomplish his highest ambition. If this article happens to strike a young man who is waiting for something to turn up, may he awake to the realities of this life.

Our Boys.

Yes, boys will be boys; and why should they not? Now, a boy should go to school, but there is no particular pleasure in that, for fun he wants and fun he will have.

Your boy should be always nice and clean; it makes him look well—but even that does not satisfy his frisky nature. A boy should go to meeting, once or twice during the week, but, good as he is, he will crave for pleasure. We love a boy with a merry twinkle in his eye; he looks so cunning; and, besides, he will need all the spirit of a young colt before he gets through the world. If properly trained it will be to him what steem is to engine. Did it ever occur to you to turn boy yourself and lay aside your dignified, serious airs? Try it. Play with them; laugh with them; talk with them; sing with them; and, when night comes, you can pray with them with a result you little dreamed of. If they can always have more pleasure with you than anybody else you will always know where they are. Did you ever notice how the older animals play with their young? It looks funny you will admit. We have often laughed at an old stiff-legged horse pinning with a colt, and what a queer game of "tag" it was; the baby horse beat every time, but the little one always kept close to its mother, and was never heard to neigh. Parents, take a lesson and it will be possible to know where the "wandering boys" are tonight."

A Physician's Straight Talk.

In a recent issue of the Sunday School Times a prominent physician Dr. Woods Hutchinson, writes a stirring article which is well calculated to dispel the illusions that still prevail in some quarters concerning both the medicinal and nutritive value of alcohol stimulants.

He calls attention to the striking fact that orderly as alcoholic beverages have been consumed, and constantly as they have been used by the race for many centuries, men have never developed an instinct or natural appetite for them.

He shows that alcohol is a toxin or poison, produced by one germ in order to kill another. He states that the seeming improvement is one's physical condition that alcohol sometimes produces is wholly imaginary,

and due merely to a deadening of the nerves. He emphasizes the fact that while the consumption of true foods produces a sense of satiety, alcohol produces only an appetite with no natural or self-acting limitations.

Finally in concluding his article, he writes:

"In keeping and correspondence with its peculiar physiologic effect of numbing the sensibilities, especially the higher ones—indeed a logical consequence—alcohol has effects upon the mental and moral sides of our nature which are most distressing and deplorable. So well known and so everywhere in evidence are they, that it is unnecessary here to describe or insist upon them. While it may be true that much of this disaster, poverty and crime associated with alcohol due to its power of revealing evil tendencies, this only makes the query more insistent, what good effects upon the higher and more desirable qualities of the race has alcohol to show as an offset for this deplorable tendency to heighten and exaggerate its worst and lowest?"

"In keeping and correspondence with its peculiar physiologic effect of numbing the sensibilities, especially the higher ones—indeed a logical consequence—alcohol has effects upon the mental and moral sides of our nature which are most distressing and deplorable. Clothes; like men themselves must have character.

The absence of character in clothes is more noticeable (outwardly) than it is in man.

Character in clothes is composed of expert cutting, designing, good tailoring and exact styling. Fully half of the clothes that are sold today are minus some of these features—because enough men fail to demand the better kind and accept a cheaper substitute.

You can buy the best clothes made in America at this store. You can pay anywhere from \$20, \$22, \$25, \$28, \$30 and on up to \$35 and at either price obtain the best all round suit possible to produce. Investigate before you buy that suit.

Our policy today in regard to cloth is the same as has been maintained by us throughout our business career—not to buy or sell any cotton mixed clothes. A policy which protects you as well as ourselves.

Negligee and pleated shirts, \$1.00 to \$3.50.
Straw hats, \$1.50 to \$6.00; Panama, \$6.00 to \$15.
Underwear, \$1.00 to \$7.00 the suit.

Northcott Tate Nagy Co
CORRECT CLOTHES FOR MEN AND BOYS

IN MEMORY OF

MISS CORA HUGHES.

The grim reaper, Death, is again abroad in our community and has taken from us our kind and loving little friend, Cora Hughes. Cora was born March 18, 1894, died May 2, 1910, age 16 years, two months and 12 days. She lived a happy and contented life, until some months ago, when she was stricken with that dreadful disease, consumption, and during that time Cora knew not what rest was. But she did not complain. She said just before the end came that she knew she must die, and God's will be done. She had no fear. While to some of us death is a dark and fearful thing, to Cora it only meant rest, for she had Christ as her guide. Cora was happily converted to the religion of our Lord Jesus Christ awhile before she died, and from that time on she prayed for God to release her from her suffering and take her home. She was always so kind and gentle, and will be missed not only at home, but at Sunday school and other places. Cora was a dutiful daughter and loving sister. She leaves a dear father and two brothers, Charley and Bert, to mourn their loss. Weep not for Cora, but prepare to meet her in heaven, where our toils and cares will cease.

Two Cousins.

Fountain Pens at Cooley's Store.

A LETTER FROM KANSAS

Huntington, Kan. May 28.
Here I come, after a long delay and plenty of work to keep two people busy.

The real busy season is just closing now, since the schools are just winding up their work. From some cause I am president of the Board of Education and have been kept busier for the last few weeks than a cranberry merchant.

The eighth grade graduating exercises took place on the 19th inst. and on the program was this: "Address and presentation of diplomas by the president of the Board of Education, Dr. T. C. Burton."

Now don't that have a ring to it?—high sounding, and I sometimes wonder if President Taft feels larger than I do. Then on 23rd inst. was class day exercises and a banquet by the "Juniors" to the "Seniors." On that program was a toast, "How to preserve harmony in schools," by the President of the Board.

Then on Thursday night, the 26th inst. Commencement High school graduates and the last on program was an address and presentation of diplomas by the President of the Board of Education. So I got it again, but the hard thing to swallow was they placed me for an address, following Prof. D. C. Roger, professor of Psychology from the Kansas University and I stood up and took my medicine like a man, and the F. B. minister said that I made that professor look like 30 cents with a hole in it, so I must have done admirably.

I have just finished up signing warrants or checks in full payment of teachers' salaries, so I thought I would just write and tell the NEWS how I was imposed upon. If this school business had lasted a little longer and I had kept up my addresses in all their meetings, I would soon have drifted into politics, and then there would have been a demand for me out here in Kansas.

We are enjoying an ideal climate and the finest weather you could imagine at this time. Wheat is coming to the front since all this rain and we will have a pretty good crop after all. The harvesters are pitching their tents in the suburbs of the city now, preparatory to work in the wheat fields.

Safe Carter, who came here on the 15th inst. from Carter county, is engaged to Mr. Campbell, a wealthy farmer just south of town, and he is giving entire satisfaction.

Mont Rose is working as supply man at the railroad shops and his brother, Millard, is in Smith and Krings' large grocery store. The boys are all making good and seem to be giving good service. I am the only weak one, I suppose, from the east in this town. We had a Farmers' Picnic last Wednesday in the park, and there were 128 automobiles on the ground. Most of them belonging to farmers, so you can see whether our farmers are prosperous or not. They are the happiest people in the world, and an independent as a king.

The acreage of corn is greater than ever before in the state, from the fact that quite a little wheat that was thought to be dead, was listed and planted to corn, which would have made no doubt, fairly good wheat if it had been let alone. Stock is high, and all kinds of food stuffs are way up.

We are now merging into a city of the second class. When I came here six years ago, our town was about 950 people. In 1900 the census gave us a little over 700 population, so this year it gave us a population of 2135, so that is no bad increase, and we have had no boom either, but a steady growth.

The Missouri Pacific R. R. will move its main shops here from Osawatomie, and we will rebuild our round house, so that will give the town a send off. There are no empty houses in the city, and new ones being built every day. A fine L. O. O. F. Hall and hotel new being built at corner of Main and Second streets. There are more than a dozen residences under construction.

Everything in the west seems to be coming up, notwithstanding Halley's comet has just been here and is now taking its leave. I am told that people over in Elliott county, Ky., actually burrowed into the earth, preparing a place of safety for the comet on the 18th Inst.

I would like to see some of our old backwoods farmers out here looking over our great, rich, braile country this summer.

Bascom Sturgill came out this spring and purchased 640 acres and was delighted with the country. I would like to see others using that kind of judgment.

Now a kind adieu, will come again, Yours for Kansas,

ROOSEVELT.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the Invader with Ely's Cream Balm applied straight to the inflamed stuffed up air-passages. Price 50c. If you prefer to use an atomizer, ask for Liquid Cream Balm. It has all the good qualities of the solid form of this remedy and will rid you of catarrh or hay fever. No cocaine to breed a dreadful habit. No mercury to dry out the secretion. Price 75c, with spraying tube. All druggists, or mailed by Ely Bros. 36 Warren street, New York.

KENTUCKY NEIGHBORS.

A stock barn, two horses and several tons of hay belonging to Mrs. Nannie Murphy, of Grassy, Morgan county, were destroyed by fire on 24th ult. The loss \$1,000 with no insurance. Incendiarism is suspected.

John Nichols of Riverton shot and broke the wing of a large bald eagle Thursday morning. It measured 6 1/2 feet from tip to tip. The bird has been seen by R. C. Jackson and others for a year or more and was shot at Jackson's place.—Greenup Republican.

Gorden Yates, of Ohio, and Miss Maggie Simpson, of Martha, W. Va. were married Saturday at the office of County Clerk Hughes, of Catlettsburg, the Rev. C. B. Wellman, of the Hampton City Baptist church, having officiated in the ceremony. The couple were accompanied by Walter Mays, a neighbor of the bride's parents.

Judge George Fisher, of West Point, Ky., aged ninety-three years says he saw Halley's comet for the second time on May 20, about eight o'clock. When eighteen years old he saw the comet and says that it seemed far more brilliant and beautiful than now. The star was more plainly visible, and the tail much longer than it appeared this time.

Huntington is to have a plant soon where railroad ties of the inferior grades of wood will be soaked in creosote. The ties thus doctored, it is said, will then be of better quality than those now made of the accepted grades of wood, and will last for twenty years. White oak and chestnut timber have principally been used in making ties heretofore, but now most any old thing can be doctored into a tie.

The horribly mutilated body of little Alma Kellner, of Louisville, who had been missing since last December, was discovered half buried in a cellar under St. John's parochial school Monday morning while the cellar was being cleaned out. Monday night the wife of a former janitor of the school was arrested and charged with being an accessory to murder. Her husband is being sought to tell what he knows of the child's death.

Will Hutchinson, of Huntington, reports that the Osborne atore at East Lynne, was robbed the other night and his blood hounds were sent up there to trail the robbers. He received word that they had been successful in the work and that the burglars had turned out to be local characters in the neighborhood.

hood, but failed to give the names.

Hutchinson says he placed an order for another pair of the dogs which will give him seven in all and that his present number have more work than they are able to do.

William Jackson and a girl named Jessie Simpson were drowned at Ashland last Monday. It seems that Jackson, his 8-year-old son, Jack, Susie and Jessie Simpson, and Ruth Murphy took their dinners and went to the river in the forenoon, intending to spend the Decoration Day holiday in fishing. At the time of the tragedy Jackson was standing on the outer edge of a timber raft, putting in a throw line and examining the hooks, when he slipped on the wet logs and fell into the river.

Jessie Simpson, who was nearest him, the others being some little distance away on the raft, began screaming, and as Jackson came up the first time, she reached out both hands to him, while he grasped with his hands. However, the girl's efforts to pull the man from the water proved ineffectual, and in the struggle the girl fell or was pulled into the river, and both went down. When they came up the second time, Jackson and the girl had hold of each other, but the third time only Jackson was seen.

Pikeville, May 30.—Joe Marrs, oldest son of Hon. J. P. Marrs and wife, and the junior member of the legal firm of Marrs & Marrs, passed away last midnight at his home on College street, after an illness of only a few days. He leaves a wife, who was Miss Anna Ford and two children—Buford, aged 12, and Mary Alice, 10 years—a father, mother, and one brother, Grover. His death is quite a shock to his family and friends, and is a matter of deep regret.

Dr. Z. A. Thompson has returned to Lexington, where he went from Ashland where he attended the State Association of Railway Surgeons. He visited Mrs. Thompson, at Lexington, whom he found greatly improved. He spent a day with her at the celebrated Flaggin farm, near Lexington, and he is greatly encouraged by the wonderful improvement in her mental condition.—Pikeville Correspondent to Ashland Independent.

None From Lawrence.

During the late term of the Federal Court at Catlettsburg there were 34 convictions for violations of the liquor law. Pike furnished 16, Lewis, Greenup, Lee and Magoffin furnished one each.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent drowsiness and invigorate the whole system. Sold by all dealers.

For Twenty-Six

Mrs. Lamaster, of Kentucky, suffered with Internal Catarrh and was Finally Relieved by Peruna.

MRS. W. W. LAMASTER.

"I SUFFERED for twenty-six years with bladder and kidney trouble, and being advised to give Peruna a trial, I did so, and am thankful to say that eight bottles of Peruna and three bottles of Manslin entirely cured me of that trouble, and I was well ever."—Mrs. W. W. Lamaster, 312 McAtoo Ave., Louisville, Ky.

Catarrh Causes Kidney Disease.

Catarrh is a frequent cause of kidney disease. The pelvis of the kidneys, as well as the tubules, is lined with mucous membrane, and is therefore subject to catarrhal congestion. Sometimes the catarrh is so slight as to cause no attention. Other times it leads up to very serious conditions.

Any remedy capable of mitigating the catarrh is a much more radical treatment than to give palliatives that only relieve the patient of one or more disagreeable symptoms.

It is claimed for Peruna that it is an inferior systemic catarrh remedy, and cures the catarrh in whatever organ it happens to be located.

"I was cured of a severe attack of inflammation of the bowels by taking Peruna. I am glad to recommend Peruna to any one."—Mrs. J. J. Cross, 205 Water St., San Antonio, Texas.

"Ask your Druggist for a Free Peruna Almanac for 1910."

WALL PAPER.

Largest Line we have ever shown is now in stock.
